

ANTI-BACTERIAL HAND WASH

Code: WCABHW

HAND WASHING

Follow Dalcon Hygiene's hand wash guide, to clean your hands thoroughly and under Australian health and safety Guidelines

1
Moisten hands with water.

2
Add a small amount of Anti-Bacterial Hand Wash onto hands.

3
Rub hands until a rich lather is formed.

4
Rinse well under water and dry with a paper towel.

HEALTH & SAFETY

- Refer to Safety Data Sheet (SDS) before use.
- Avoid contact with eyes.
- If chemical comes into contact with eyes, rinse with sterilised water or saline for at least 15 minutes, and seek medical attention.
- Avoid breathing mist & vapours.
- Do not mix with other chemicals, only mix with water.
- If poisoning occurs, do not induce vomiting. Seek medical attention.
- Keep out of reach from children.
- If irritation occurs wash skin thoroughly and discontinue use.

STORAGE

- Store in a dry place, tightly sealed.
- Protect from sunlight and away from other materials.
- KEEP AWAY FROM ACIDS AND CORROSIVE SUBSTANCES.

PHYSICAL AND CHEMICAL PROPERTIES

- Physical State: Liquid
- Colour: Clear
- Odour: None
- pH: 6-7

SPILL INSTRUCTIONS

Slippery when spilt. To avoid accidents, clean up immediately. Shut off all possible sources of ignition. Wear protective goggles and gloves to prevent skin and eye contact and avoid breathing in the fumes.

Contain - prevent run off from entering drains and waterways. Store in a bunded area. Collect spill using absorbent material then seal in properly labelled containers or drums for disposal.
